TUOKRI. LEATHER COLLECTION

Standing at about 5'6" high at the shoulders and stretching upwards of 12 feet in length, the full-grown male water buffalo is an impressive sight, characterized by its powerful build and surprising agility, despite its short legs. Similarly, our Roosevelt Duffel Bag may not match the buffalo's size, but it shares its strength. Crafted from robust hide, it exudes power. The main compartment is spacious and deep-chested, accommodating all your essentials with ease. And when you're rushing to catch a flight, simply adjust the shoulder strap and you're off this bag can keep up with your pace, just like the buffalo, regardless of leg length.
